High-End full-range speaker series!

The SC series is our newly developed high-end full range speaker series especially designed for high-end fixed installations and occasions. This series is equipped with customized Stagetone driver & woofer produced by famous UK brand Precision Devices. The neodymium driver STG-1.53NP with 72,2 mm voice coil is mounted on a constant directivity aluminum horn with 50x80° coverage pattern. The woofer STG-123FP offers excellent linear response well controlled down to 40Hz (SC-12 = 50Hz). The high woofers BL provides the required good punch. The Mid/High frequency range is extremely transparent and clear which regale you ear by plenty of instrumental details. The anti-scratching & water-resistant housing is equipped with suspension points for several different mounting applications. With our U-profile hanging kit, you will be able to adjust the hanging angle properly to suit the different sound environment.
